To Whom It May Concern:

In the course of my practice I have encountered A Ray of Hope and Bob and Peggy Christensen. They help some of the individuals I counsel. These are the same people that other shelters and services cannot or will not provide services to. Peggy demonstrates patience and tolerance in encouraging this population to keep appointments and seek the help they need. A Ray of Hope provides housing, food and clothing to both individuals and families from our community. Peggy also provides Christian-oriented counseling to anyone in need, free of charge. The selfless dedication and commitment provided by A Ray of Hope is an example of community service put into action on a very practical level. Ray of Hope is a vital part of the recovery process for many people in the Flathead Valley and needs to be supported for the excellent job and services they provide.

Sincerely,

Sylvia C. Held, Ph.D., LCPC, LAC
