To Whom it may concern.

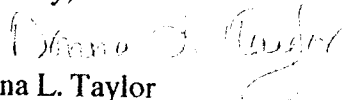

It is a privilege to write a letter of reference for Ms. Christensen. I have been so impressed with her sincere and energetic approach that she brings to her ministry in helping others.

Since July of 1999, Peggy has been an instrumental part of a Family Group Conference team to assist with the reunification of one of your church's families. Peggy's enthusiasm, compassion, knowledge, prayers, counseling, and incredible networking resources have been a large part of this family's progress to complete their Court ordered treatment plan to have their son returned from foster care to their home.

As nurturing, loving and supportive as she is, Peggy also can draw the fine line in not fostering dependence. She does not enable people, but her reality based approach exudes acceptance and the love of the Lord. Peggy has a great sense of humor to soften her honesty regarding the issues that need to be changed for people to be successful. She has been a breath of fresh air at our meetings.

Peggy is very dependable; she does what she says and you can count on her. Quite simply, I wish there were a hundred more Peggy Christensen's in our community. She has been absolutely wonderful to work with and I know any project she tackles will be extremely successful. She is a blessing to those who know her.

Sincerely,

Donna L. Taylor
