To Whom It May Concern:

I am writing a letter of support with regard to Ray of Hope and the service they provide to this community. Working as a Case Manager with Adults with Developmental Disabilities, I have depended on Ray of Hope to provide essential furniture needs for clients that I am serving. This service has had an impact on the quality of life for individuals I serve and would encourage whatever additional support could be provided to Ray of Hope.

Respectfully submitted,

Ed Kiefer, Case Manager
